

ARVR Africa Metathon 2022

Medicheck AR Medicine Scanner

Medical Solution

Ahmed Balti
Mohamed Ashref Ben Abdallah
Aziz Belfaidi

Dec | 2022

Summary

1. About us
2. Problem to solve
3. Our solution
4. Prototype of the application
5. Conclusion

1. About us

We are team "Orion"

Team composed of 3 people :

- Our designer Ahmed Balti .
- Our 3D modeler Aziz Belfaidi
- Our developer M. Ashref Ben Abdallah

2. Problem to solve

Misuse of medical supplies.

- Lack of knowledge on medication
- Abuse of medication
- Over-complicated manuals of use

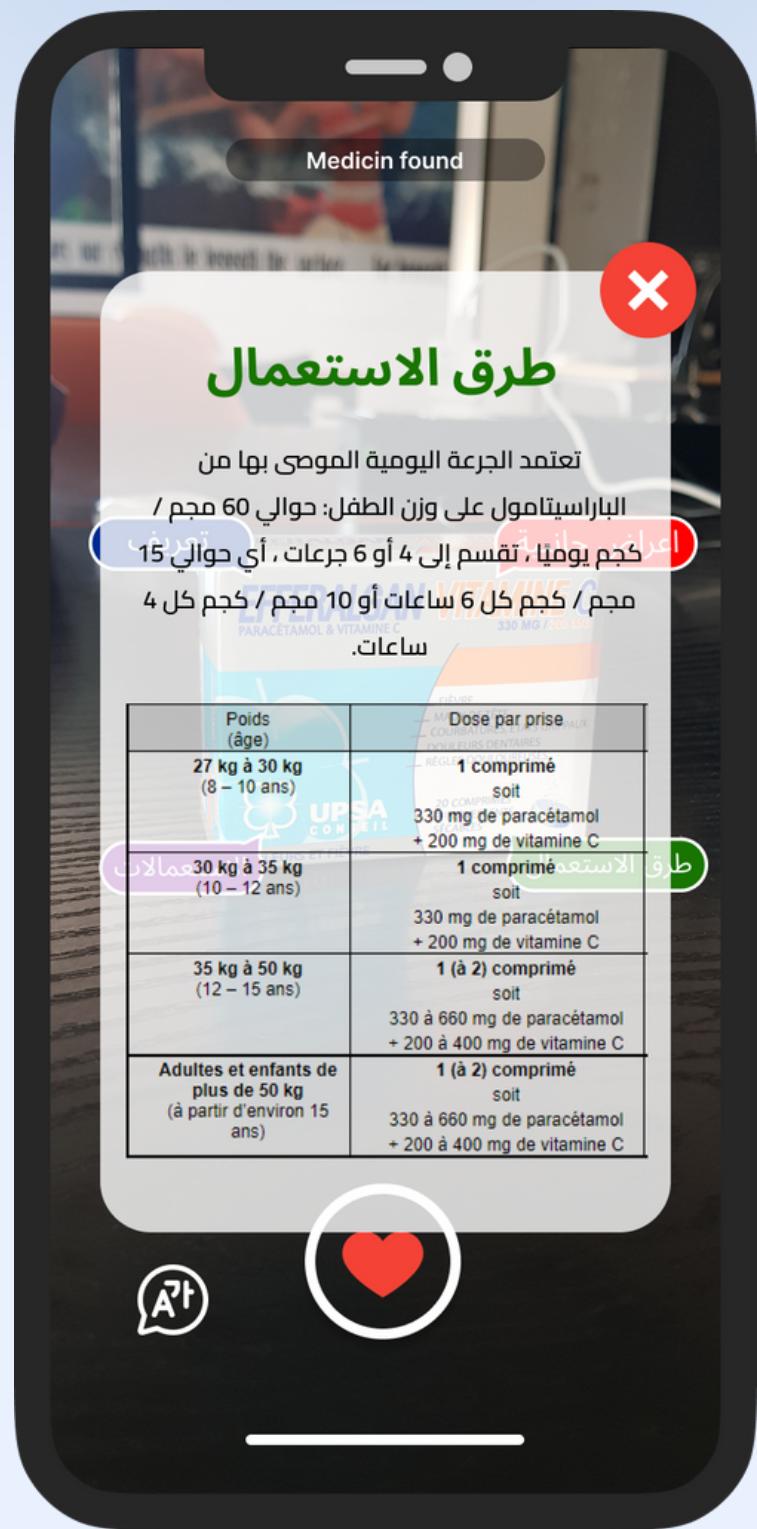

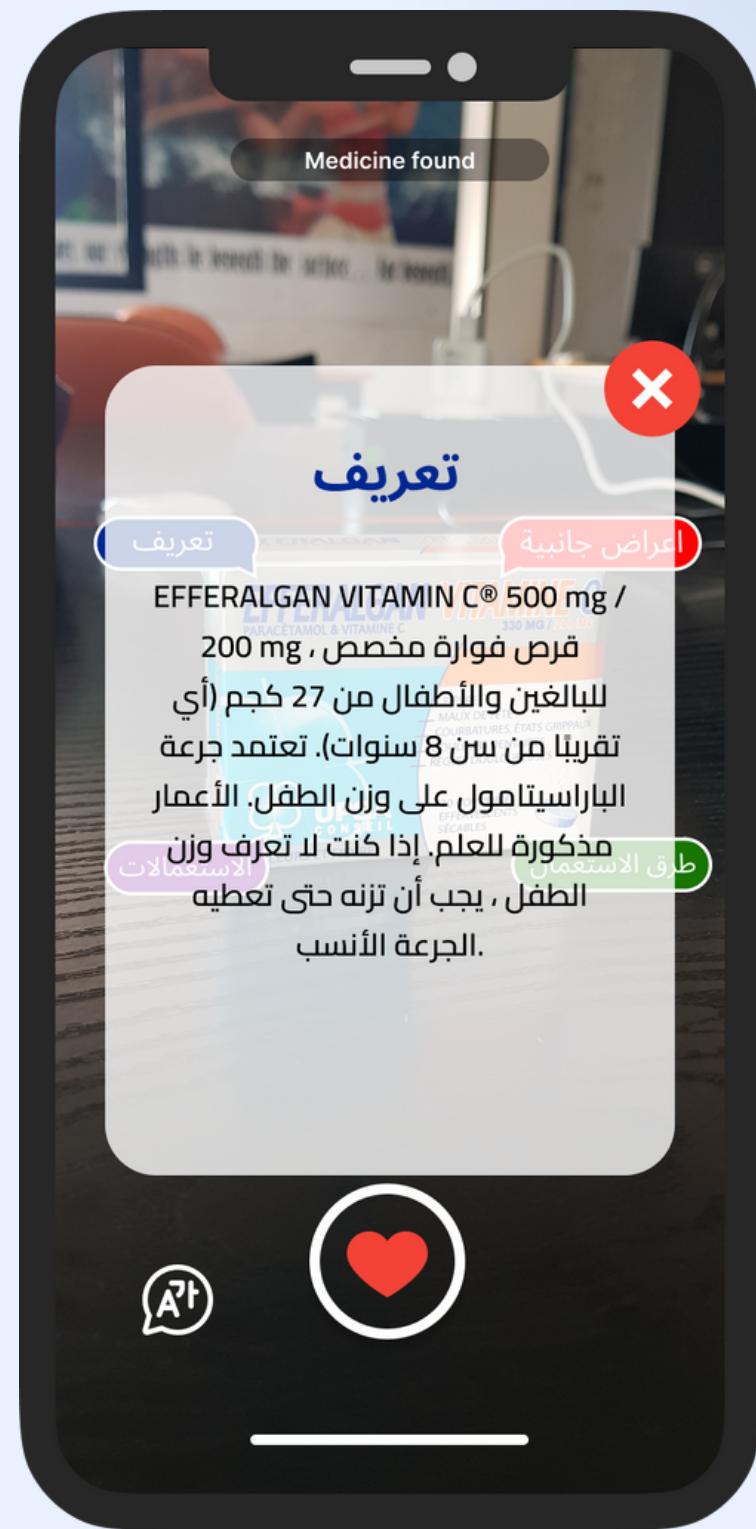

3. Our Solution

MediCheck app

- 01. Open app
- 02. Scan any medicine using AR
- 03. Choose any option for help
- 04. Get full explanation
- 05. Save important info
- 06. Access your saved data

Anytime, without rescanning !

4. Prototypes

5. Conclusion

We combined the AR technologies and medical domain to create a solution for a common problem in Africa.

"Misuse of medication"

THANK YOU
